

# Brain Trauma Foundation

Improving the outcome of traumatic brain injury patients nationwide

Continuing Education Presentation:

## Prehospital Management of Traumatic Brain Injury Instructor Course

This “train-the-trainer” course is designed to provide prehospital instructors with the skills and knowledge necessary to teach the most current evidence-based TBI care to all levels of prehospital providers. Each participant will be provided with a new Instructor Kit, two informative pocket cards, PowerPoint slides, and videos.

**Where:** Regional West Medical Center – Thursday, August 10, 2006  
(Western Nebraska CC – Harms Center)

Central Community College/Grand Island – Saturday, August 12, 2006  
(Rooms 210 and 211)

Northeast Community College/Norfolk – Sunday, August 13, 2006  
(Lifelong Learning Center: Suites E and F)

**Time:** 8:00 A.M. – 5:00 P.M.

**Speaker:** Andy Stern

**Cost:** FREE; No cost to attend

**Sponsored By:** Nebraska EMS Program & the Brain Trauma Foundation through  
a grant from the National Highway & Traffic Safety Administration (NHTSA)

**Pre-registration is required by July 25, 2006**
